

## Rain Comes to Aid of Crops of County

### Capt. Bill Harris Wins Promotion

**CAPT. WILLIAM O. HARRIS**  
Lieut. William O. Harris has been promoted to Captain. He is an instructor at Fort Benning, Ga. Captain Harris was a member of Company F which went from Canyon, and has advanced rapidly in the infantry.

### College Closed Year's Work in Sunday Service

The one day commencement exercises for West Texas State brought to a close a most successful session of the College Sunday night. This plan was adopted in order that parents and friends of the graduates might conserve their cars and gasoline in attending the graduating exercises.

Dr. C. R. Hooten of Tyler Street Methodist Church, Dallas, preached the commencement sermon at 11 o'clock Sunday morning. The annual commencement concert of the College Orchestra and Chorus was given at 4 o'clock Sunday afternoon.

The program was concluded at 8:30 o'clock Sunday night when Col. W. H. Baker, chairman of the State Board of Control, delivered the commencement address.

Degrees were granted to 88 young men and women who had completed their work in West Texas State College.

### Stamps 15-16 Good For Five Pounds Sugar

Instead of issuing certificates for canning sugar, holders of Ration Book 1 may secure canning sugar with stamps No. 15 and 16, 5 pounds for each stamp.

The change was made by OPA when it became apparent of the large amount of work which had been imposed on local boards.

Only a few certificates for 25 pounds of sugar had been issued by the Randall County board because there has been little fruit available for canning.

Those who have secured certificates for the full amount of 25 pounds per person are requested to turn stamps 15 and 16 back to the local board.

It is assured that the full 25 pounds of canning sugar will be available to those who will use it for that purpose. However, it is stated by OPA officials that the national average for canning sugar should not exceed 10 pounds per person.

### Jack Brian Is In Navy Medical Corps

According to a letter from Jack W. Bryan, he is now attending the Medical Corps school of the Navy at San Diego, Calif. After six weeks' training he will be transferred to a hospital for duty.

"The navy is a fine, clean branch of the service. Nearly all of the men here are proud to be in it. We, in the Medical Corps, get the finest of food and recreation. Tell anyone in doubt about joining to sign up because they won't regret it," writes Mr. Brian.

**MARRIAGE LICENSE**  
Roach Van Allen and Pauline Claryce Whitten, May 10.

Mr. and Mrs. Afton Wilson and son of Monette, Arkansas, visited Mr. and Mrs. George Archer this week. Mrs. Wilson will be remembered as Miss Nanny Archer.

### Wheat Crops Is Greatly Improved; Row Crop Acreage Will Be Increased Here

Rain Friday and Saturday amounted to 1.23 inches. Early Friday morning the down-pour amounted to .25 of an inch. During the day Friday this was increased by .50 of an inch. Saturday night the moisture measured .48 of an inch. The rain was general over the county, but measured more in various sections. This moisture will make possible a large acreage of row crop. Wheat has greatly improved since the rains started to fall on the 9th of this month. There has been 1.64 inches of moisture during May. The total rain for 1943 amounts to only 2.94 inches, but the splendid moisture of last fall is responsible for the wheat crop in the county.

### County Lacks \$5,841 Meeting May Bond Quota

Randall county lacks \$5,841 in meeting the May quota of War Bonds. The quota is \$23,500, according to R. H. Wright, county chairman. The sales up to Monday night amounted to \$17,659. In light of the large amount of bonds which were sold during the April drive, this report is considered very good. However, Mr. Wright hopes the quota for the month will be met before the end of the month, next Monday night.

### Chas. W. Johnson Is Promoted Corporal

Charles W. Johnson has been promoted to Corporal and transferred to the Army Air Force Technical Command at Sioux Falls, S. D. Cpl. Johnson finished training in the Flexible Gunnery School at Kingman, Ariz., last week. He was inducted in the service Nov. 25, 1940, as a member of Company F. He attended Canyon high school and the University of New Mexico before entering the service, and is a son of Mr. and Mrs. G. W. Johnson.

### Magazines Are In Demand at College Library

The West Texas State College Library needs magazines for the men in service to read, and the people of Canyon are asked to share theirs with them. Life, Colliers, Saturday Evening Post, Look and Time are the ones needed in the call.

If anyone has any of these magazines in fairly good shape when they are finished, save them and call Miss Tennessee Malone. She will make arrangements for them to be picked up.

### Two Canyon Girls Join Ferry Command

Miss Lelia Louder arrived Friday from Corpus Christi where she has been teaching in the link trainer work at the Navy Air Base there. Miss Louder and Miss Nell Stevenson left Tuesday for Sweetwater where they began work yesterday in training for the Ferry Command at Avenger Field.

Miss Louder finished the course at West Texas and was a member of the flying clubs at Amarillo and Corpus Christi.

### Farmers May Do Machine Repair at College Shop

The shop under the football stadium will reopen for 2 weeks for the farmers to repair their own tractors, trucks, and other farm machinery. There will be plenty of tools available for the farmers to use. Sam Hill will be there for 3 hours each day to help and instruct those working.

The shop is under the direction of the Departments of Vocational Agriculture in the Canyon high school and the W. T. high school.

### Mrs. Anna C. Bybee Died in California

Mrs. Anna C. Bybee was buried at Glendale, Calif., Thursday. She died following a heart attack, according to word received by her nephews, Clyde and Roscoe Davis. She had not been ill before the fatal stroke. Her husband, Joe Bybee, survives.

## Historical Aim To Be Expanded

### Annual Meeting Panhandle-Plains Historical Society Held Friday Night, Good Attendance

Although the attendance at the annual banquet of the Panhandle-Plains Historical Society was smaller than usual this year, the program and enthusiasm did not fall below that of other years.

All officers were re-elected as follows: President, Judge James D. Hamlin, Farwell. Vice Presidents, W. T. Coble of Amarillo and Dr. J. A. Hill of Canyon.

Treasurer, W. L. Vaughan. Assistant Curator, Boone McClure. Secretary, Dr. L. F. Sheffy.

At the banquet Friday night it was voted that the President should appoint a committee to work out the reorganization of the Society for the purpose of widening its scope. This plan will be presented at the meeting in 1944.

Directors will be appointed from each county of this section; patronesses will be named; Junior Historical Societies organized in each school which is interested in such a project.

H. C. Pipkin of Amarillo presented this idea, and it was seconded by John McCarty of Amarillo.

President Hamlin made a short talk on the achievements of the Society and predicted greater things for it in the future.

Dr. J. A. Hill and Temple Houston Morrow of Dallas made short talks. Mr. Morrow is a grandson of Sam Houston.

Musical numbers were furnished by Misses Vesta O'Dell and Jean Tarlton; and four members of the Army Air Corps, Eugene Werner, James C. Wells, R. L. Turner and Jack T. Waggoner.

### County Equalization Finished by Court

The Commissioners Court was in session last week sitting as a Board of Equalization. The work of checking rendition blanks was completed Saturday.

The tax rate for the county will be the same as last year. The State rate will not be set until a meeting of the State Automatic Tax Board is held in July.

### Memorial Day to Be Observed

There will be a short Memorial Service at Dreamland Cemetery Sunday afternoon at 4 o'clock.

The Palo Duro Post of the American Legion will have charge of the service, in which all of the churches of Canyon will cooperate.

All citizens are invited to participate in the service.

Mrs. C. P. Anderson of McAdoo spent Friday to Monday at the home of Mrs. Mary Burtz.

### IRRESPONSIBLE LABOR

The irresponsible labor leaders of America are the greatest threat to our national security. Labor has been trying to claim a major part of the credit for winning the war; but if the war is lost or unduly prolonged because of continued strikes, labor must shoulder the responsibility of sabotage of the war efforts.

National labor leaders claim that the strikes are called by local leaders, over whom they have no control. This being the case, there is no wonder that State legislatures and Congress are passing bills to outlaw strikes and to make labor unions responsible for the acts of their members.

The Roosevelt administration has been the greatest friend that labor has ever had in this nation. The kindness of the administration is repaid by strikes in vital industries at a time when it will take all of the effort of all of our people if this war is to be won.

John L. Lewis has been the greatest sinner of the whole lot, and has taught the men to obey their leaders rather than their government. While the average laborer may be as loyal and patriotic as the average citizen, let it be remembered that loyalty to labor leaders is being placed ahead of loyalty to country. That is a most unhealthy situation, and if allowed to continue will mean the wreckage of this nation. Even if we win the war with Germany, we will have to win another war among ourselves.

The situation is most distressing. Organized labor and union leaders are losing all of the goodwill they have gained during the past years. If this situation continues throughout the war, the union labor label on goods may become as distasteful as the "made in Japan" label is today.

It is evident from the speech of Prime Minister Churchill that the Allies are not entirely ready for a Second Front. Heavy bombings will continue until such a time that invasion will be safe and profitable. Hitler has demonstrated that mass murder by attacking objectives which are impossible to take is the worst kind of military tactics. Invasion might be possible, but it might cost more in men and material than the Allied command thought profitable. In other words, the Allied leaders are human enough to count the cost in life before undertaking any objective. The wise use of fighting strength is the thing which eventually wins wars. It is feared that American morale will degenerate unless a Second Front is opened this year, in which case the delay would be very costly. The greatest damage comes from the fact that delay means the possibility of less help from the overrun nations of Europe since Hitler is systematically wiping out the populations of these countries by starvation and privation. At best we must let the military leaders run the war, even if the laymen are not satisfied.

The terrible flood in the middle west indicates that we have a lot of hard work for the future in controlling floods. The nation is allowing millions of dollars to be wasted nearly every year by floods in that section. Series of dams and dykes are needed to hold in check flood water. Some progress has been made in recent years, but not enough construction to meet emergencies. We are highly elated about our planes bombing dams in Germany with the resultant damage, but here in our own country more damage has been done by nature.

Stalin has abolished the ideas of the Red International of world revolution. Just now he has his hands full, and the Communist Party in other nations are not aiding him in his fight against Germany. Cutting loose from the Communist Party of the United States and other nations is a smart political move at this time. German propagandists suffered a decided setback as they have been trying to tell the people of Germany on the dangers of the Communists if Russia wins.

John L. Lewis has led the C. I. O. back to barbarism, and now seeks to join up with A. F. P. L., which he

## Noted Newspaper Man Dies

DR. J. J. TAYLOR

Every country newspaper man feels a distinct personal loss in the death of Dr. J. J. Taylor, State Press of the Dallas News. Joe Taylor was one of the outstanding country newspaper men who went to a big city daily and made good. He never lost contact with the country publishers. No writer in Texas has done as much to cement the friendship of the country press with the daily press as did Joe Taylor. He has been in Canyon a number of times and has always had a kind

word for the people of this little town. He seldom missed a convention of the Texas Press Association. His friendly greeting to all publishers was well worth the trip for the country boys who appreciate the recognition of the greatest newspaper man of the state.

The last official act of Joe Taylor in connection with the Texas Press Association was the presentation of the trophy to the Canyon News last June. The News became the outstanding weekly newspaper of Texas for 1942 by this award.

### THIS MEANS ME

The Office of Defense Transportation advises that non-essential travel for other than vacation purposes must be wholly eliminated, and that vacations should be spent at home or as near home as possible. Director Eastman of the ODT asks the public to "avoid overnight trips, travel on day coaches, and carry box lunches on the trains, so as not to add to the strain of Pullman and dining car facilities—carry as little baggage as possible. . . . Be prepared to expect delayed arrivals, crowded conditions and lack of the usual travel comforts. The co-operation of employers and of individuals in . . . minimizing vacation travel . . . is urgently necessary. . . .

"There is no pleasure in giving such advice as this, and I know that many will find it difficult to realize that there is need for it. If they will think for a moment of what the induction, training, and final embarkation of many millions of servicemen means in the way of a load upon our railroads and buses, combined with the continued travel of these men on furlough and leave, of service women, and of relatives and friends, plus the extraordinary business travel which the tremendous productive activity of the country requires, and if they will also bear in mind that the railroads and bus lines have been given practically no new equipment and have lost the help of the private automobile, I think they will understand what we are up against."

"Many will approve the advice as good for the other fellow, but will regard a personal pleasure trip now and then as a harmless exception. The advice will do no good unless everyone will realize that it means

### ALTERNATIVE TO CAPITALISM

In condemning "some post-war planners in positions of power" who urge that the United States follow the leadership of Germany by planning to have the government provide jobs for everyone after the war, Eric A. Johnston, president of the U. S. Chamber of Commerce, warns that: "The economic theory behind the belief that the state must take precedence over the individual stems from the fallacy that the age of American development is a closed chapter and that business has reached its ultimate maturity."

Actually American development has barely started. Nowhere is this more evident than in the production revolution of the past months. The manufacturing and natural resource industries have achieved miracles. They have overcome a lack of battle equipment that could easily have led to military defeat. And they did it with a degree of dispatch and efficiency that left the swivel chair planners gasping. The miracles they have achieved in war can be multiplied in peace, providing the capitalistic system, under which they must operate, is preserved. Under it the coal and metal mines, the oil, power and transportation industries which have made victory possible, can insure progress in the future.

Those who promote the idea that "business has reached its ultimate maturity" or that American development is a closed chapter, "do not have faith in the capitalistic system. They would cripple private industry as the prime source of jobs and tax revenue. They would shift the burden of employment to political agencies, and taxes would fall on the shoulders of the workmen hired by those agencies. The party in power, as the sole employer, would eventually demand political allegiance from all. The bargain would be sealed. The people would have jobs and the government would have their freedom. That is the alternative to capitalism."

### TIME TO QUIT KIDDING

In spite of the apparent success of the last war bond drive, the ominous fact remains that of the billions of dollars worth of bonds sold only a small portion went to individuals. As usual banks, corporations and other institutional investors with accumulated reserves absorbed most of the obligation.

This means that the prosperous masses are still riding the crest of a luxuriant war boom, with income expanded in March, 1943, 28 per cent over March, 1942. Taxes and bond buying will barely scratch the surface of the billions of the "new rich."

This all adds up to one thing: The people at home are still trying to fight the war the easy way. Instead of sacrificing comfort for the sake of victory as our men are sacrificing their lives, they are, so far, using the war as a device to wallow in more comfort.

Will our soldiers return to a luxury-satiated bankrupt homeland with a Congress still arguing over picaresque tax details, or a land where the integrity and solvency of their government has been preserved? The answer is with us.

A picture everyone should see, "HITLER'S CHILDREN." No advance in prices! Coming this month at the Olympic. 914

### THE AGE-OLD LAW OF SUCCESS

It's a weary wait on the shore of Time for the return of a ship that was never sent to sea. Yet how often we wait and wait and wonder and wonder why we aren't making the same success that others are enjoying.

Life doesn't cheat. It doesn't pay in counterfeit. It doesn't lock up shop when pay day comes. It pays each man exactly what he has earned.

The way to get more—the only way—is to do more. When we take that truth home and believe it, we've turned the corner onto the high-road that leads straight to success.

## Prescription for Morale: Think of Your Victory Motor Trip!

It's a blessed relief just to putter around fixing up the trailer more efficient-like... and sort of pipe-dreaming where you're going. But will you need a new car? All reports say it will be a long time after Peace before you can hope to get one. Be ready to go—in your present car...and why can't you?

Since rationing began you've probably "saved" more car-mileage than you ever made on your grandest tour. After Victory you'll have those "stored-up" miles to use, especially if you don't allow present restrictions to cause acid-damage. Vicious acids are formed by normal combustion in any engine. When it stops it's an acid trap. It used to get rid of acids fairly well by warming up on long fast runs. But now it often "just sits" with those acids inside, and what can you do?

You can have your engine OIL-PLATED internally to combat acid corrosion... much as outer parts are chromium-plated

to combat water's corrosive effect. All it takes to OIL-PLATE your engine is the change to Conoco N<sup>th</sup> motor oil. Patented N<sup>th</sup> oil seemingly "magnetizes" OIL-PLATING to metal—much longer than just temporarily.

This steadfast OIL-PLATING, joined direct to inner engine surfaces without all draining down to the crankcase while standing, is your shield against acid. Now when even new parts are scarce—let alone new cars—you'll cast off a big worry for the present and future by having your engine OIL-PLATED. Just change to N<sup>th</sup> oil—at Your Mileage Merchant's Conoco station. Continental Oil Company

"Hey, you, where are you going? Pull over to the curb," said the traffic officer to a timid driver who, obeying directions from the back seat, and entered the wrong end of a one-way street. *I, \_\_\_\_\_ being of sound mind, and madder than all get out...do hereby personally DECLARE WAR ON THE AXIS...and to make it stick, I am doing, or shall do one of the following four things mighty quick*

1 Set aside as much of my pay as I can in War bonds through the Payroll Savings Plan. If I am signed up already I'll raise my sights.

3 If the Plan hasn't been installed in my plant . . . I will talk to my superiors, and see if it can't be adopted right away.

2 If I am working in a plant where the plan is installed but I haven't signed up yet . . . I will do it today.

4 If I am unable to get in on the Payroll Savings Plan, I will go to my local bank where they will help me start my own personal plan.

# Cpl. Ardis Patman White House Visitor

Cpl. Ardis Patman, member of the West Texas State faculty, was invited to the White House by Mrs. Franklin D. Roosevelt for Mother's Day.

The following is an extract from his letter regarding his experience:

I must make my report on the White House visit. Sunday I reached the park across the street from the White House at 12:30 and killed time there until 10 minutes before one. The sidewalk is closed and M. P.'s are everywhere; so I walked up to the first guardhouse, stated my purpose, and went to the main gate. There a policeman checked the dinner list, and I was allowed to pass. Two more policemen were at the entrance, and the butler stepped out and took my hat, and announced me to the head butler, who led the way to the reception room. Soon a Mr. and Mrs. Meyer arrived; then Mrs. Roosevelt entered, greeted us, and announced that we were dining on the terrace. There we were joined by the other dinner guests. Mr. and Mrs. Harry Hopkins and Capt. and Mrs. Boettiger and their 4-year-old son. The President had been wheeled out and was already seated. I sat between Mrs. Roosevelt and Mrs. Hopkins.

Dinner was delicious, yet not elaborate: fruit cocktail, creamed chicken in patties, fresh English peas, tomatoes, hot rolls, ice cream, cake, mints, and iced tea. The silverware was very plain with "President's House" engraved on each piece. The china bore the official U. S. emblem and the glassware seemed to be Postalia or a similar brand.

Conversation was fluent and extremely interesting; in the main, it centered around post-war problems and the occupation of conquered countries. President Roosevelt was affable and jovial, Mrs. Roosevelt was the acme of hospitality and generosity. Oh, yes, the little dog "Fala" was everywhere on the lawn at one time, chasing squirrels. At one time he ran a squirrel up a tree and had his forepaws on the

trunk stretching as far as he could. The President remarked, "I will just bet he could climb a ladder if he had it."

As guests were leaving, Mrs. Roosevelt pulled me aside and said she wanted to take me through the White House. So on a personally conducted tour I saw everything—even rooms the public was not allowed to visit when the house was open. She gave interesting bits of information on each room—a painting, piece of furniture, chair, rug, etc. I can't begin to explain how gracious she was.

As I left, she thanked me for coming and expressed the wish that we may meet again. It was a rare experience I will never forget.

## V-NEWS

From Randall County Mome Economists

This is the first of a series of articles on "Efficient Buying in Wartime."

You may think that it is difficult to buy satisfactorily any time, but you are finding your difficulties multiplied many times in the present emergency.

You already have evidence of the way the war affects goods. Some goods are disappearing altogether, some are available in only limited quantities. You have ration card for still others.

In wartime you find there are fewer varieties, fewer sizes, colors, and models of dresses from which to choose. New brands, new sizes, and kinds of containers appear and even new goods to use as substitutes.

You are finding that qualities of goods are different and often much lower than formerly. Part of these differences are unavoidable because of scarcity of materials and labor. Other differences are due to a deliberate effort on the part of producers to maintain or increase their profits when prices are held down by ceilings. There are fewer salespersons and the quality of service is reduced.

To buy efficiently you must get the goods best suited to the purpose for which they are to be used, with the least expenditure of time, effort, and money. In wartime you must do this in such a way as to promote and not interfere with the war effort. It is more important than ever to get what best fits your needs. With limited resources available for consumers' goods you cannot afford to waste them by buying goods which do not give you the satisfaction you want.

If you are to buy efficiently today you need to be much better informed, to spend more time and energy and to give more attention to your buying than you have in the past.

## Mrs. J. A. Derr

Funeral services were conducted for Mrs. Minnie Ora Alexander Derr Thursday afternoon at 4 o'clock. Rev. Marvin Menefee, pastor of Vigo Park Methodist Church, conducted the funeral services, assisted by Rev. C. C. Armstrong, pastor of Canyon Methodist Church, and the assistant pastor, Rev. James Swafford.

Mrs. Derr passed away Wednesday morning at her home in Canyon.

She was born in Tarrant county, May 26, 1877. At the age of 13 she moved with her parents to Hale county where she resided until after her marriage to James A. Derr, Jan. 1, 1899. Mrs. Derr was a member of the Vigo Park Methodist Church.

Mrs. Derr is survived by her husband, James A. Derr, three sisters, Mrs. Emma Charles of Albuquerque, N. M., Mrs. Maude Arnold, Memphis, Texas, and Mrs. Tressa Rogers of Canyon; two foster children, Mrs. Kathryn Wyatt, Wynoke, Okla., and Mrs. Bessie Behernes, Custer, Okla., and eight nieces and fourteen nephews.

She was placed to rest in the Dreamland Cemetery.

**Sfax Surpassed Only by Tunis**  
The white, flat-roofed city of Sfax is Tunisia's second-ranking seaport and second-largest city. It is thus surpassed only by Tunis. The population of Sfax, however, is only about 45,000, while Tunis has nearly five times as many residents. Sfax rises beside the Mediterranean about 145 miles south of Tunis where the Gulf of Gabes cuts into Tunisia's east coast.

**Mostly French Europeans**  
French Somaliland's population of 50,000 includes only 2,000 Europeans, mostly French. With few exceptions the Europeans are numbered among Djibouti's 20,000 inhabitants. Pearl fishing is a coastal industry, in the waters of the 100-mile-wide strait that ranks after Gibraltar and Suez as a military point of control of through-Mediterranean shipping.

## HUMPHREYS ENTERTAIN CHEERIO STUDY CLUB

Mrs. J. S. Humphreys entertained the Cheerio Study Club with a "42" party at the last meeting of the year in her home at 1810 3rd Avenue. The rooms were decorated with oriental poppies.

A business meeting was held and the club voted to buy a \$25 war bond. Mrs. Burney Slack gave a report on the district meeting of the Federation of Women's Clubs held in Amarillo. "This Changing World" is the course of study for next year.

Refreshments were served to Mrs. Marion Higdon, Mrs. Broughton Harden, Mrs. Bill Downing, Mrs. Crews Henry, Mrs. Conn Isaacs, Mrs. Paul Neil, Mrs. Christler Crain, Mrs. Jack Middleton, Mrs. Robert Black, Mrs. Burney Slack, Mrs. Morris Small, Mrs. Clay Cooper and the hostess, Mrs. Humphreys. A gift from the club members was presented to Mrs. Humphreys.

J. T. Hughes of San Fernando, Calif., is visiting in the home of his sister, Mrs. Mary Burtz.

## Whitten-Allen Wedding Held Sunday p. m.

Miss Claryce Whitten, daughter of Mr. and Mrs. L. L. Whitten of 818 Kentucky Street in Amarillo, became the bride of Lieut. Roach V. Allen, son of Mr. and Mrs. J. B. Allen, of Lockney, on May 23.

The ceremony took place at the San Jacinto Baptist Church in Amarillo at 4 o'clock with Rev. Leon Hill, pastor of the church, officiating.

The bride was dressed in a white suit with blue accessories and wore a corsage of tallman roses. Her only attendant, Miss Zona Beth Faulkner of Matador, wore a blue suit with white accessories and a corsage of red roses.

The groom's attendant was Dr. B. F. Fronabarger of Canyon.

The bride was given in marriage by her father, L. L. Whitten.

The altar of the church was decorated with palms and spring garden flowers.

L. Quinn played an organ medley before the rites and played "Lieberstraum" during the ceremony. He also played the traditional wedding marches. Mrs. W. B. Allen, sister-in-law of the groom, sang "I Love You Truly," accompanied by Mr. Quinn.

A reception at the Whitten home followed the wedding with members of the families attending.

After the reception, the couple left for Huntsville, Alabama, where they will be at home at 602 Randolph Street. Lieut. Allen is stationed at Huntsville Arsenal, with the Chemical Warfare Service.

Guests from Canyon who attended the wedding were Miss Mary Moss Richardson, Mrs. L. M. Cousins, Miss Elva Fronabarger, Miss Marie Fronabarger, Bobbie Dowd, Mr. and Mrs. Frank R. Phillips and daughters, Mr. and Mrs. Ed Phillips and daughter, Mrs. G. C. Cole, Mrs. Loretta Dunsworth, Mrs. J. T. Burnett, Dr. B. F. Fronabarger, Mrs. B. F. Fronabarger, Mrs. Tom Knighton, Lilia Thornburg and Marie Hobbs.

## BRIDE HONORED

The marriage of Miss Claryce Whitten to Lt. Roach V. Allen was announced at a tea given at the home of her mother, Mrs. L. L. Whitten, 818 Kentucky Street, Amarillo, on April 23.

A shower for Miss Whitten was given at the home of Mrs. Floyd Dunsworth and Mrs. G. C. Cole on May 1. The entertaining rooms were decorated with pansies. Miss Elva Fronabarger presided at the punch bowl and Miss Genelle Allen, sister of the groom, registered the guests in the guests book.

The guest list included Mrs. L. L. Whitten of Amarillo, Mrs. J. B. Allen of Lockney, Miss Allen, Miss Fronabarger, Mrs. J. T. Burnett, Mrs. Tom Gooch, Miss Myrtle Hall, Mrs. Tommie Montfort, Miss Mary Lee Cooper, Mrs. Roy L. Johnson, Mrs. B. F. Fronabarger, Miss Marie Fronabarger, Mrs. Tom Knighton, Mrs. G. B. Combs, Miss M. Moss Richardson, Mrs. John Davis, Mrs. Jessie Reid, Mrs. Stella Murrell, Mrs. J. D. Key, Miss Erma Fulkerson, Mrs. J. C. Dowd, Miss Florence McMurray, Mrs. A. K. Goodman, Mrs. Levi Cole, Mrs. L. M. Cousins, and the hostesses, Mrs. Dunsworth and Mrs. Cole.

## AT BURNETT HOME

A shower was given at the home of Mrs. J. T. Burnett, grandmother of the bride. Miss Pearl Black served punch and cake to the following guests: Mrs. Frank Phillips, Mrs. Cynthia Anderson, Mrs. C. O. Cooper, Miss Mary Lee Cooper, Mrs. Louis Upfold, Mrs. Lillie M. Morgan, Mrs. J. S. Humphreys, Mrs. P. F. Hicks, Mrs. Floyd Dunsworth, Mrs. Jessie Reid, Mrs. Levi Cole, Mrs. E. B. Anthony, Miss Hattie M. Anderson, Mrs. T. T. Fain, Miss Isabel Robinson, Miss Marie Fronabarger, Mrs. B. F. Fronabarger, Mrs. Faye Marshall, and the hostess, Mrs. Burnett.

## BIRTHDAY PARTY

On May 12 Miss Whitten was honored on her birthday with a party at the home of Miss Elva Fronabarger with Mrs. L. M. Cousins and Mrs. Guy Tabor as co-hostess. Coffee and cake was served to all members of the faculty of the Canyon public schools. The faculty members presented the honoree with a recipe file and a gift of crystal.

## PROGRAM SHOWER

A program shower was given for Miss Whitten at the San Jacinto Baptist Church, Friday, May 14. Mrs. A. S. Kenyon acted as hostess.

Mr. and Mrs. A. D. Prater, Jean and Glenn moved to Roston, Texas, Tuesday. Before coming here at the beginning of the last school term, they were at home in Roston.

E. L. Robinson has moved his family to Dalhart in order to be near his farms.

Mrs. J. S. Pullin and Spencer, Jr., of McAllen, and Mrs. Inez Sharp and Betty Ann also of McAllen are here for the summer in the homes of Mr. and Mrs. J. C. Dowd and Mr. and Mrs. Mark Foster.

## Doris Ball Becomes Bride of Sergeant Sterne Sunday Afternoon at Dalhart

MRS. KENNETH LLOYD STERNE

Miss Doris Marie Ball, daughter of R. E. Ball, became the bride of Sgt. Kenneth Lloyd Sterne, of Amarillo, in a simple ceremony performed at 4 o'clock Sunday afternoon.

Rev. Sam A. Thomas read the double ring ceremony in the First Methodist Church of Dalhart. Mrs. Thomas, at the organ, played the Bridal Chorus from "Lohengrin" by Wagner, and "Drink To Me Only With Thine Eyes."

The bride, who was given in marriage by her father, wore a tailored suit of light blue gabardine, with a sheer white blouse, small white hat, and black patent accessories. Her flowers were white rosebuds.

Miss Dorothy Heath of Canyon attended the bride. She was dressed in a navy blue suit with a white jabot and navy and white accessories. She wore a corsage of white gardenias.

Cpl. Howard R. Brooks, of the Dalhart Bomber Base, served as best man.

Mrs. Sterne is a graduate of Canyon High School, and attended West Texas State College, where she pledged Kappa Tau Phi. For the past year she has been employed by the Western Union Telegraph Company in Amarillo. She returned recently from New York City, after completing a three-month period of work with the New York Western Union office.

The bridegroom, after graduating from Panhandle high school, did post graduate work there. Before entering military service, he was employed in Amarillo. He is now stationed at the Dalhart Bomber Base.

Attending the wedding were: Mrs. Freda Sterne, of Amarillo, mother of the groom; Mrs. George Kistler, of Panhandle, his grandmother; Mrs. R. E. Ball, Mrs. Earl Robbins, of Canyon and Mr. Henry Evans, of Amarillo.

## COUNCIL MAY TEA HELD SATURDAY

The Randall County Home Demonstration council sponsored its annual May Tea in the Thompson Club Room Saturday afternoon. Forty-six registered, representing seven clubs and eight guests.

Mrs. Howard Lynch of Amarillo gave a very interesting book review on the book, "Human Comedy," by William Saroyan. It is a story of an American family in war time with all the qualities of warmth, cheer, and humanity; and full of his philosophy to be happy, and love ones fellowman above all, because good is bound to triumph over evil.

Mrs. Glenn Dowlen sang the "Rosary," and another selection, she was accompanied by Mrs. Charles Thurmon. Mrs. Thurmon furnished light and airy musical selections during the tea.

Miss Frances Wilroy, county home demonstration agent arranged a very beautiful center piece for the table of water lilies floating in a hand made pottery bowl on a white cloth for the back ground.

A farewell gift from council was presented to Mrs. John Moody. Council feels that though they are losing a faithful and efficient worker, some other club and community will be gaining one. We all hope Mrs. Moody a very happy and successful experience in her new home and undertakings.—Contributed.

Rev. Robert W. Jones, Mrs. Ed Harrell, and Mrs. Harvey Cash attended a meeting of the Presbytery in Hereford Friday, at which time Herbert Boardman, former student at West Texas State College, was ordained into the ministry.

Mrs. Billy Jo Hunter and Mrs. Fern Sheppard left Friday for Lubbock where they will attend business college. Billy Jo accompanied them to report for active duty in the Navy.

## HIGHLAND H. D. CLUB MET IN MRS. FUQUA'S HOME

"Home Management in Relation to Budgeting of Time" was discussed by members of the Highland H. D. Club in the home of Mrs. Carl Fuqua on Tuesday, May 18th.

It was agreed that by budgeting time and following schedules for the regular jobs and activities we would have more time for unexpected events and less confusion in our daily living. Quoting: "Dost thou love life, then do not squander time, for that is the stuff life is made of."—Franklin.

Mrs. Fuqua served a refreshment plate of hot cocoa and cookies to Mrs. Carl Hill of Bushland and Mrs. R. J. Sharp, guests, and the following members and children: Mrs. Jack Baker, Mrs. C. H. Roark, Mrs. L. J. Fulton, Mrs. R. E. Sweet, Mrs. Elmer Mason, Mrs. Tom Boling, Mrs. Edd Sharp, Diana Sharp, Dorothy Roark, Thomas Boling, Frances Boling and Joanne Fulton.

Articles for the Rummage Sale to be held soon by the council were shown, and all members expressed interest and expect to furnish at least five articles.

Mrs. Sweet will entertain the club members at her home in Wildorado on Tuesday, June 1, at 3 p. m.

## MISS HALL ENTERTAINS FACULTY AT LUNCH

Since Miss Myrtle Hall is not planning to teach social studies in Canyon grade school, she invited all the grade teachers to have dinner with her last Friday at noon.

Those accepting her invitation and eating in the cafe with her were: Miss Elva Fronabarger, Miss Sarah Thompson, Mrs. T. W. Collins, Mrs. Stella Murrell, Mrs. Hous-

ton P. Doughty, Mrs. A. K. Goodman, Miss Florence McMurray, Mrs. A. L. Walsh, Mrs. John Davis, and the hostess.

Later in the afternoon, Mrs. L. M. Cousins served candy and cold drinks to those in the building.

## PRESBYTERIAN AUXILIARY HAD STUDY PERIOD

The members of the Ladies Auxiliary of the First Presbyterian Church met at the church for their regular study period on May 25.

For the devotional subject Mrs. John Harris selected "The Church Building the Kingdom," from "Seek ye first the kingdom of God." She led her listeners to vision the church universal as something substantial for every race and age. Without it, civilization would crumble with its eternity.

Mrs. M. E. Cleavinger took the group on a quick trip to the missionary fields of South America, making it clear that the different countries of South America are being brought together in interests and responsibilities through the church, and that the Indians of South America readily accept Christian influence, and are fast coming to understand that democracy is a child of religion.

Mrs. Harvey Cash reviewed the prevailing conditions of the missionary schools and hospitals of northeastern New Mexico. It was pleasing to hear the report from Menaul School at Albuquerque for Mexican youth. Especially pleasing to learn were the large number of boys of this school who went into the service of our country and saw service at Corregidor and the Philippine Islands, with the result of one gold star for their banner.

## Used Tubes For Cars, Trucks—No Certificate Need

OPA has lifted the ban on sale of used car and truck tubes. Sales may now be made without the necessity of securing a certificate from the local War Price and Rationing Board.

The question of locating used tubes for sale is the only problem in connection with securing one for any car or truck.

### RATION REMINDER

Gasoline—"A" book coupons No. 6, good for four gallons each, became valid May 22 outside the Eastern gasoline shortage area.

Sugar—Coupon No. 12, good for 5 lbs. must last through May 31. Coupon No. 13 becomes valid June 1, and will be good for 5 lbs. through August 15. Coupons No. 15 and 16 became good May 24 for 5 lbs. each for home canning purposes. Housewives may apply to their local boards for additional rations if necessary.

Coffee—Stamp No. 23 (1 lb.) good through May 30.

Shoes—No. 17 stamp in War Ration Book One good for one pair through June 15. Stamp No. 18 (1 pr.) will become valid June 16.

Meats, etc.—Red Stamps E, F, G, H, and J, remain valid through May. Processed Foods—Blue stamps G, H, J, remain valid through June 7. K, L, M became valid May 24.

### DESTROY EXPIRED RATION STAMPS

Housewives are urged to destroy all expired red or blue ration stamps to help guard against black markets in food. Reports to OPA indicate that many storekeepers have asked their customers for expired stamps, and in turn have used them to buy more food from wholesalers. Because foods bought at wholesale with these stamps can be sold at retail without points, every expired stamp given to a storekeeper is a potential contribution to an illegal market.

### NEW WAY TO GET CANNING SUGAR

Sugar for home canning can be obtained by using stamps 15 and 16 in War Ration Book One, instead of "sugar allowance coupons" as previously announced. Each stamp is worth five pounds. Consumers who require more than ten pounds per person for canning will apply to their local ration boards for an additional allowance.

### OCR TO SUPPLY FARMERS' REQUIREMENTS

The newly-created Office of Civilian Requirements, WPB, has worked out an emergency farmers supply program which will quickly make available to farmers some 50 items essential in the production of food. The procedure will enable a farmer to buy reasonable amounts of needed items directly from his dealer without complicated forms. Materials to be made available under the program include adjustable wrenches, agricultural forks, auger bits, barbed wire, clevises, dehorning saws, fence pliers, garden hoes, batteries, motors, grain scoops, grease guns, harness hardware, horse collars, nails, neck yokes, poultry netting, cold chisels, hog rings, knives, and many other products.

### MANY HOUSING UNITS PLANNED

A total of 8,464 public war housing units of all types will become available during the next thirty days in the states of Texas, Oklahoma, Louisiana, Arkansas and New Mexico. Marshall W. Amis, regional director of the Federal Public Housing Authority has announced. Of this total, 6,165 are family units; 950, dormitory units; and 1,353 trailers. Already completed for occupancy by war workers are 13,725 units.

### CAN BUY ICE CREAM ALONE

Retailers can not force their customers to buy an equal amount of sherbet or any other frozen confection to obtain any given quantity of bulk or packaged ice cream. OPA and WPA have emphasized. This requirement is a violation of the prohibition against tie-in sales under the General Maximum Price Regulation.

### USED INNER TUBES ARE RATION FREE

Used inner tubes for passenger car or truck tires can now be purchased without a ration certificate. It is estimated that there are about 765,000 used passenger car tubes and 225,000 used truck tubes now idle in dealers stocks. All rationing regulations have been removed on used tubes to help conserve the supply of new ones.

### HEAVY LOAD FOR POSTMEN

Letter carrier's backs will be aching under heavy loads this week as distribution of some 40,000 application cards for War Ration Book 3 gets under way. This book will provide new stamps to replace those

running out in existing books. Consumers will fill out and return application cards, pre-addressed to OPA mail centers, between June 1 and June 10. Residents of Texas, Oklahoma and Louisiana will receive their new books from Dallas, where volunteer workers will fill out the names of more than 10,725,000 ration books.

### LONGER FURLOUGH GRANTED

The War Department has authorized extension of the furlough period between the day of induction and the date men must report for duty from seven days to fourteen days. This change will be made in all commands not later than July 1. After July 1, but before September 1, the period will be increased from fourteen days to twenty-one days.

### MRS. FAIN ENTERTAINS ROSE WALKER CIRCLE

The Rose Walker Circle met in the home of Mrs. T. T. Fain last Tuesday afternoon. The meeting was devoted to the study of the Bible.

Ice cream was furnished by Mrs. Charles Stratton at the social hour honoring Joy Oldham, Mrs. Fain's granddaughter, on her birthday.

Those attending were Mrs. Minnie Laughery, Mrs. I. M. Steen, Mrs. J. D. Key, Mrs. J. C. Dowd, Mrs. E. B. Anthony, Mrs. Cynthia Anderson, Mrs. Stratton, Mrs. Paul Lindsey, Joy, and the hostess, Mrs. Fain.

# Food Has Vital Part In Winning War, Peace

County Agent W. H. Upchurch talked Tuesday at the Rotary Club luncheon on the problem of food production.

Visitors were: Dr. Harry Marco of Austin; Mrs. Jim Golding, Pat Flynn, J. Horace Griggs, J. R. Barnes, E. Kancher, all of Amarillo; Miss Marion Miller of Canyon.

A review of Mr. Upchurch's talk follows:

Ever since Adam harvested that first apple crop, food production and distribution has been one of the chief concerns of man.

When George Washington was president it required about six farm people to produce food for themselves and one extra person in town.

In Lincoln's day one farm family fed one city family.

By Woodrow Wilson's day the ratio had been so far changed that one farm family fed between three and four city families in addition to themselves.

When FDR was elected President farm production had been stepped up to a point where one farm family on the average was feeding over four city families. By the end of 1942 American farmers were producing at the rate of over five to one and this year we must do even better. This change is made possible by improvements in methods and by the mechanization of agriculture.

We read in the National Geographic Magazine, April issue, that "The harvest of the 1942 wheat crop by the methods of 1850 would have required the labor of every able bodied person in the U. S." Our present supply of wheat would not have been possible except for modern methods and machinery. Mass production in food has followed the pattern of mass production in manufacturing goods. Some items of food are not so well adapted to mass production as are other items. For instance, wheat is ideally suited to mass production methods while vegetables still require a great deal of hand labor. The production of grain sorghum for grain is being adapted to the methods and the machinery used to produce wheat. This will likely help relieve the shortage of feed grains and meat.

**Randall To Produce**  
Farmers in Randall county have pledged to do their part on the food front in 1943 in spite of the green bugs, rationing, labor shortages and other handicaps.

The production proposed for 1943 is greater than the 1942 production on all important food items except wheat.

Some sample figures are: dairy cattle to be increased 15% over last year, sheep 29% over last year, all cattle 24% over. Randall county had about 65,000 head of cattle on January 1 (not counting some 10 or 15 thousand cattle on temporary pasture not owned in the county). The State of Texas marketed 29% more cattle in 1942 than in 1941 and there was still left on hand more beef cattle than a year before and more than for the ten year average. In Randall county the increase was more than for the State owing to the tremendous amount of good pasture for the past two years.

Texas farmers responded to the request for more pork by increasing their 1942 pig crop 44% over the 1941 crop and 58% over the ten year average.

In the case of poultry, if Randall county hens do no better than the average this year the county will produce about 1,034,000 dozen eggs. My own estimate is that at least 10% more than that figure will be produced. This would be 1,137,000 dozen, not counting town production.

**Formula Worked Out**

Some time ago I under took to work out a mathematical formula to translate or evaluate the production of any food item into the total food equivalent to feed one American soldier one year. I wanted to learn, for instance how much of any one food a farmer would have to produce in order for it to be the equivalent of one year's total food requirement. This was finally done by the help of the Quartermaster general's office and several agricultural statisticians. By this formula we have a rather rough yardstick to measure the food production of a farm by a point system or food equivalent, rather than by dollar value.

I believe that the Panhandle of Texas and a few other similar areas lead the world in producing food per worker engaged. The production per man is now a more important factor on account of the manpower shortage.

Let me illustrate what I mean by production per man in Randall county by some examples of actual farm food production on three different farms. One a typical highly mechanized farm of about three sections. One a specialized dairy farm of one section and one of the best half section diversified farms that I could get figures on. Most of these figures are rounded to nearest 100. They are otherwise accurate.

Farm No. 1 produced enough to feed 130 soldiers, working 6 people, or ratio of 21 to 1; farm No. 2 produced enough to feed 13 soldiers, working 6 people, or ratio of 13 to 1; farm No. 3 produced enough to feed 32 soldiers, working 4 people, or ratio of 8 to 1.

## Trade Value of Food

If food will win the war and keep the peace after the war, we might well consider the possibility of the trading value of food as compared to the trading value of gold in the market places of a hungry world.

Secretary of Agriculture Wickard says that food is "our ace in the hole" in the game at the peace conference.

This "ace in the hole" is a modern expression for the thing that was recorded in Genesis regarding the storage of grain from the seven fat years for the seven lean years.

Quoting from the 41st chapter of Genesis: "And he gathered up all the food of the seven years which were in the land of Egypt and laid up the food in the cities. The food of the fields which is round about every city laid up in the same way. And Joseph gathered corn as the sand of the sea. Very much, until he left numbering; for it was without number. And famine was all over the face of the earth and Joseph opened all the store houses and sold unto the Egyptians and the famine waxed sore in the land of Egypt. And all the countries came into Egypt to Joseph to buy corn."

**Lessons From Joseph**  
We might learn a lot from that story. Even if we had no drouth or green bugs to contend with. Reading Genesis, we find how Joseph was appointed vice-president and secretary of agriculture and was instructed to acquire and store one-fifth of the crop each year. We have not been storing quite as long or quite as systematic as Joseph did but we have almost that much wheat stored.

If we read further we find how the selling of the grain (wheat) by Joseph to his brothers of another nation, changed the whole course of human history in that land where wheat farming first started trouble with soil blowing.

How Joseph took the money his brothers bought to pay for the wheat and put it back in the top of the sacks and how they found the money when they opened the sacks of wheat on the way home. Quoting again from Genesis 42:35, "And it came to pass as they emptied their sacks, that, behold, every man's bundles of money was in his sack; and when both they and their father saw the bundles of money, they were afraid." Reading further, we find how Joseph finally settled his brothers under the first tenant purchase plan in the land of Goshen.

The British 8th Army just barely did keep Rommel out of the land of Goshen. Now Joseph had nothing on us, even if he did administer the first Lend-Lease act.

**Lend-Lease Program**  
Once before in our time we too fed the hungry people of another country but that time we tried to keep their money. We made loans and the loans were not paid. Then we gave back their paper and started collecting gold. We buried the gold.

We may have to feed them this time without even going through the motion of accepting their money and returning it.

This Lend-Lease program may be the method we will use to return the money in the sack afterward. We may develop some new streamlined phase of the age old system of barter. If so how will we play our ace in the hole in the game of political economy after the shooting stops.

Some streamlined system of barter might be a lesser strain on our money system than to get all the world's gold and bury it in the ground from whence it came.

Whether inflation, deflation or dollar devaluation again leaves the American farmer starving in the midst of plenty will depend on how wise is our National and perhaps International planning or perhaps how well we play our hole card.

**Must Feed People**  
There will be a sorry peace written after this war if some way is not worked out to feed the people who are hungry regardless of Nationality.

Then! after they again beat swords into plow shares and we get tires for our cars and the lights go on again there will come that time when we must face the prospect of again adjusting our food production to the needs of our people or trading with the world on some new basis. We will be producing food for 25 or 30 million more people than we have in the U. S. A. If we again trade with all nations, what will the basis be? Will it be on the basis of a parity dollar for American farmers or will it be unlimited production for limited markets based on an inflated dollar. What will the method be? The present method is Lend-Lease with Uncle Sam paying the bill, or at least we are charging it to his account. How long can we do that?

**Surplus Wheat**  
We had hardly finished paying the price of increased production made necessary during the first so-called World War when this war started. That time we needed wheat, so we just plowed up more land and increased the wheat production.

We know what happened. This time, we and several other nations as well, have a surplus of wheat. Thanks to modern mechanized methods of production which fit so well into the growing of wheat.

When the war is over we are likely to see a more rapid recovery in wheat production than for other main food items. Factories building tanks can be converted very quickly to build tractors. Russia's tank driving soldiers will drive farm tractors. They will go into mechanized wheat production as a result of the war. To catch up on the shortage of other foods may take longer.

One thing seems certain, we will either feed the hungry people of the world at a lower price for food, at some kind of a subsidized level or we will be faced with the necessity of adjusting our production to our own consumption with all the evils that go with such a program.

## National Competition

OWI tells us that civilians will get only 75% of the food produced this year. If we are geared up to produce 25% or even 10% more food than we use in this country under the present handicaps then when these handicaps are removed and we have all the machinery and supplies we need how much more will be produced than we need? Under the old system of open competition surpluses have nearly always set the price on the whole. What will we do with it? Feed the hungry world you say. Very well, let's do it; but how will we sell wheat in competition with Russia if the high wages in America make it cost \$1.00 per bushel to grow wheat, when Russia can go into mass mechanized wheat production with cheap labor and produce wheat for much less than that amount. How will we sell beef in competition with Argentina when a fat steer can be produced in Argentina for \$25.00 as compared with our cost of \$100.00 for the same weight steer. How will we compete with Brazil in the production of cotton when they can produce and market cotton for 5 cents per pound and we say the fair price of cotton in the U. S. is around 20 cents. Of course, these comparisons mean little when we consider that the rate of exchange may be changed at any time by International Trades and treaties or other devices. They merely emphasize the necessity of some serious thinking along this line. Will we be willing to make trade agreements with Argentina and Russia, with Brazil and India. Will American organized labor and American business vote for any system of free trade after the war. Will the Panhandle gentlemen vote for any Trade Agreement with Argentina which allows free imports of cheap beef? Will the Texas cotton growers vote for cotton imports from Brazil. Will the Kansas wheat farmers favor the competition of Russia in the wheat markets of the Mediterranean or will they be willing to cut their pro-

duction to the consumption of the United States, "or," will they favor another seven years of storage of surpluses to be held in reserve as Mr. Davis wants.

## Uncle Sam To Pay

Of course, we will feed the hungry people of Europe as long as Uncle Sam is paying the bill. We will feed them and "charge it" until they are able to go back to work for themselves. After that may we not expect everyone of them to look out for himself. Will they not be expected to produce their own food as far as possible and then to buy the balance where they can buy it cheapest or where they can trade their goods for food. Will the trade of the world be rebuilt by a new pattern after the war. If so, who will make the pattern? Will Russia accept any pattern made by American economists or American businessmen unless that pattern gives Russia a favorable market. Will Argentina accept trade agreements that do not provide her an outlet for beef and wheat.

We had undernourished children in America when wheat was worth 30c per bushel (some of them were on farms). Will we have a better National economy that will prevent that sort of thing.

Regardless of all else our present job is to do our part to win the war for the cause of humanity, and to save our own necks. We must accept our assignments without too much criticism of the authorities at Washington for we cannot possibly be in position to know all the facts to see all the picture. Therefore let's do our best in our job and keep in mind that how well we are paid will depend first on who wins the war, second, on how well we learn to work together, and whether we try to pass on, a lower standard of living to future generations in America or whether we are willing to pay a larger part of the price as we go along.

## Keeping the Peace

I doubt whether we know how big is the job ahead nor how many hardships we are going to find in the road. By the job ahead I don't mean just winning the war but the job of keeping the peace, also.

We may have to do some things that we individually don't like. We have a right, like any good American soldier to gripe if we don't like the assignment, but like all other good American soldiers we have the obligation to carry out the assignments of the Commander-in-Chief.

We may have to regain some of the toughness and resourcefulness of our forefathers. They overcame many obstacles that we think are terrible hardships.

We love to be independent, yes, we are generally willing to pay a pretty big price for our individual independence. However, according to my humble judgment there has come a time when Americans cannot be individually independent without collective independence. There must be subordination of some of our individual interests, and of some of our group interests, to the National welfare. Let's put the first things first. To win the war is first. To be prepared for the battle of peace will be the next job.

BOYCE HOUSE

"I would be true, for there are those who trust me;  
I would be pure, for there are those who care;  
I would be strong, for there is much to suffer;  
I would be brave, for there is much to dare;  
I would be the friend of all, the poor, the friendless;  
I would be giving, and forget the gift;  
I would be humble, for I know my weakness;  
I would look up, and laugh, and love, and lift."

Mexico memoranda:  
Did the civilization of ancient Egypt, in some mysterious way, reach Mexico? There is a stone face in the National Museum in the City of Mexico that suggests the Sphinx.

The contrast in the characters of the two men—Emperor Maximilian and his conqueror, Juarez—is shown in their carriages, the emperor's being ornate and of gold and Juarez's being simple and black.

One of the most famous eating-places in the world is Sanborn's in Mexico City in the picturesque "house of tiles." Waitresses are garbed in Mexican costume, the surroundings are semi-tropical but the foods, except for a few native dishes, are French and American. Hundreds of tourists dine there and the place is almost always full. P. S.—The meals are superb.

If you have plenty of time, visit Henri's. It's a quite small cafe. The picture of the chef is on the wall. You understand why after you've dined there. There were three in our group and each ordered something different, so we could share dishes. The steak was delicious; the chicken, "hunter-style," was even more so. But, finest of all, was the roast squab. If you

## HIGH IN RESULTS

WARTIME always creates higher living costs. This time is no exception. But there is ONE BIG EXCEPTION among the items that make up your living costs... **ELECTRIC SERVICE IN YOUR HOME IS STILL AS CHEAP AS EVER!**

Even though the cost of providing your electric service has been going up steadily, your electric rates have been kept low. Our taxes have increased considerably; our costs for materials to maintain your good electric service have gone up, too. But, in spite of these increases in operating costs, we have been able to still keep your electric service cheap. **YOUR ELECTRIC RATES ARE STILL AMONG THE LOWEST IN THE NATION!**

## Firemen's Factory

London firemen are busy in spare time now, making paddles for RAF dinghies. Here you see their "defense plant," a building with the front blown away, and passers-by ogling the handwork.

can imagine meat melting in the mouth, you'll have the general idea.

Can you remember when the most popular play was "Ten Nights in a Bar Room?" And when the score-keeper of the sandlot ball game would announce, "Smith at bat. Brown on deck and Jones in the hole?"

One thing that is hard to explain to a child is why he must go to bed when he isn't sleep and get up when he is.

## Jowell Items

Al and Jimmy Dietz visited G. J. and Jack Bonds Sunday.

G. J. Bonds left Friday morning with his brother, H. P. Bonds of Tulsa, to visit a brother at Waco who is very ill.

Lewell Johnson of Canyon has been visiting Eugene Bonds over the week end.

Rev. C. N. Wylie of Canyon will preach at Jowell, Sunday, May 30. Over the week end the Jowell community received a nice rain.

Tommy Bonds of Bovina has been visiting relatives.

## Garden Leaves

MRS. J. A. HILL  
President Canyon Garden Club

The prettiest bouquet of the season was composed of three spinach plants grown by Dr. A. M. Meyer. The three made a plentiful meal for two people. Dr. Meyer has a so-called "green thumb," but I wonder if that does not mean having patience, the capacity to work hard, a love for all growing things, a certain amount of knowledge of soil, careful selection of seed, proper watering and feeding and a bit of luck.

Have you noticed Mr. Milner's Irish potato patch? If his plants produce in proportion to the luxuriant foliage he will have a bumper crop of potatoes. Newly grown potatoes will turn green and become bitter if exposed to the sun, so the dirt should be kept well up around the plants. There is a new non-poisonous dust, No. 15, which is recommended for control of bugs and beetles.

After the cool rains which we have had recently, aphids may appear on new growths of different plants. It is well to use any good contact insecticide to get rid of them.

Two years ago I picked up some seed of the wild wistaria on the banks of Caddo Lake in east Texas. I stuck the seed down in the ground when I returned home and forgot them. They did not germinate until this spring and now I have three nice plants. I shall watch them with interest. The few wistarias in Canyon are quite pretty. In east Texas the vines grow into enormous plants.

Aren't the Paul Scarlet roses gorgeous? They are not hard to grow. Wouldn't it be fine if every home had a climber of this kind?

Look out your window in most any direction and you will see wild flowers in profusion. They are so beautiful and cheerful looking in spite of handicaps.

## QUITE THE REVERSE

Casey and Murphy were admiring a big London building.

"It's surprisin'," said Casey, with a knowing air, "how mortar binds all those hundreds of bricks together."

Murphy gave his companion a supercilious sneer.

"Whenever are ye goin' to learn a bit of sense, Casey," he replied.

"Sure and whatever d'ye mean?" queried Casey.

"Bricks aren't kept together by mortar," Murphy explained. "Mortar keeps them apart."

Hubby came to slowly, indolently arose, sleepily felt the four walls of his room, yawned and stretched and murmured to his spouse: "The walls are still cool," and he returned to bed.

# It used to be A Headache!

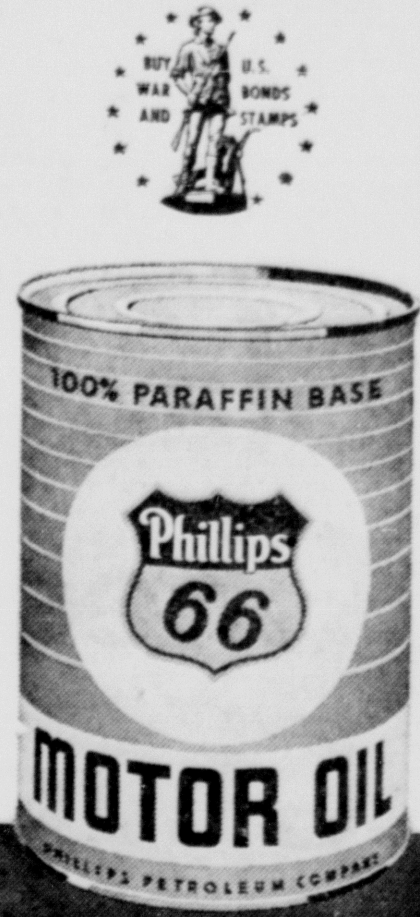

THIS YOUNG MAN'S MILLINERY is merely a dramatic way of picturing the plight of the average car owner after trying to decide between the conflicting claims and values of all the motor oils on the market.

Trying to choose between them is something of a headache, especially when you are neither a petroleum chemist nor an automotive engineer. You need facts to guide your choice of a safe and saving motor oil.

So read this frank, simple statement, if you want to know which lubricant to use in order to care for your car for your country. If you want our best oil, remember we definitely specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

In times like these, when cars must last, it is almost impossible to overestimate the value of quality in motor oil. Play safe by asking for Phillips 66 Motor Oil when draining winter-worn lubricant, or when making the recommended every-two-months oil change.

## Fairview Breezes

We have been having some rain and lots of cold damp weather the past week.

There was no Sunday School owing to wet weather.

This community was shocked and grieved at the sudden death of our good friend and neighbor, E. C. Woods, Wednesday morning. He left a wife and two sons to mourn his going, besides a host of friends.

Mr. and Mrs. Jack Langford and children, Georgia Ann and Jack, Jr., were Sunday dinner guests in the J. W. Wesley home.

Mr. and Mrs. E. W. Schaeffer and A. E. Wise attended the Consumers banquet in Amarillo Wednesday.

Vesta Emerson and Lloyd and Elizabeth Garrison attended Mr. Woods' funeral at Albrecht Thursday.

S. F. Sharps had the misfortune of getting the front finger on his left hand caught in the crusher belt and almost severed it from his hand.

## OLD, BUT TRUE

This one has been going the rounds for 20 or more years, but maybe you haven't read it before:

"Man comes into the world without his consent and leaves it against his will. During his stay on earth his time is spent in one continuous round of contraries and misunderstanding. In his infancy he is an angel. In his boyhood he is a demon. In his manhood he is anything from a lizard up. If he raises a family he is a chump. If he raises a check, he is a thief and the law raises Cain with him. If he is a poor man he is a poor manager, and has no sense. If he is rich he is dishonest and considered smart. If he is in politics, he is a grafter and a crook. If he is out of politics, you can't place him as he is an undesirable citizen. If he goes to church, he is a hypocrite. If he stays away from church, he is a sinner. If he donates for foreign missions, he does it for show; if he doesn't he is stingy and a tightwad. When he first comes into the world, everybody wants to kiss him.

If he dies young there was a great future before him. If he lives to a ripe old age, he is in the way, only living to save funeral expenses. What's the use? Life is a funny proposition, after all!

## Wayside Items

Sunday School but no church on  
account of the rain Saturday night.  
We were sorry to hear of the  
death of Mrs. Minnie Derr at her  
home in Canyon Wednesday morn-  
ing. Her health had not been good  
for several months. She was laid  
to rest in the Dreamland Cemetery.  
She is survived by her husband,  
Jim Derr, and a host of relatives  
and friends. They are well known  
in this community by the old timers.

Mrs. Bower Sikes and children of  
Slaton visited last week in the par-  
ental Kaffir Knox home.

Mrs. Roland Moore also visited in  
the parental Kaffir Knox home last  
week.

Rev. Loyd Garrison preached the  
baccalaureate sermon Thursday  
night at the commencement exer-  
cises. Melba Kennedy, the only grad-  
uate received her diploma. The fol-  
lowing students graduated from  
grade school and received their di-  
plomas: Peggy Stockett, Anna Beth  
Grigsby, Nola Mac Stockett, Cordell

Mahler, Sonny McNeill, Mary Alice  
Poster, Kirksy Newsome.

Mr. and Mrs. J. M. Malone and  
Tommie of Amarillo attended com-  
mencement exercises Thursday  
night here.

Mrs. John Morgan and little 2 1/2  
months old daughter have been vis-  
iting in the parental Brown Byrd  
home. Her husband is in the ser-  
vice of his country and is stationed  
at Lubbock. Mrs. Morgan will be  
remembered as Netta Faye Byrd  
and formerly lived here.

LeRoy and A. D. Houtton are vis-  
iting in the home of their father  
here.

Melton McGehee is back from a  
business trip to El Paso and other  
points.

Glen Franklin spent the week end  
in Canyon with his brother, Roy  
and family, and at Happy with  
other relatives.

Mrs. Wilbur Young has returned  
to her home in New Mexico after  
visiting at the parental M. C. San-  
ders home. Her son, Buck, stayed  
to visit with his grandparents.
